FARMVILLE.

Watermelons opened at 50 cents apiece, soon dropped to 10 and it looks now as though the "bottom would drop out." Canteloupes have not been so in evidence and grapes received a severe shock from the early frost while the local peach crop has been a wide spread failure.

Some newspaper scribbler was silly enough to attack the health record of Farmville, and never was greater injustice done a place and people. I called but yesterday on a family recently come from Kansas to make their home with us, and the good wife of the household remarked that she came to Virginia, Southside Virginia, in search of health and that she had found it. She had suffered for years from a distressing case of nasal catarrh, which had broken in upon the rest of night and the comfort of day. The old enemy had been vanquished and she now enjoys the inestimable blessings of good health, and all this in a community which 'scribbler' describes as a pest hole. Strange that a man who started out to write falsely should have been bold enough to fly in the face of facts so well established.

Now and then the cry sounds out from our jail for the jailor and on repairing to the place Mr. Bliss finds that the prisoners are fighting among themselves. Human punishment as a corrective is a "dead failure." The "ruling passion" loser none of its force behind prison bars.

Our lithia water requires no ice and so is the most economical of summer drinks.

Judge Watkins made an impressive speech before the Board of Supervisors on last Saturday in the interest of our public school system. Some of our good people don't yet understand that education costs something, that is that it should cost them something.

A farmer in town the other day said his crops were never so good and that he had not had a drop too much of rain. Some farmers never have too much or too little.

Prof. Thornton has decided not to accept the position offered him in the University of West Virginia.

Miss Snow, of the Normal Faculty, is the first to return for the work of another session. It looks like yesterday when vacation began. The fine fields and sessions and vacations fly with it.

Some of our merchants are busy taking inventory. All of them have done well during the dull months of summer.

The extra passenger train of the Tidewater & Western is being well patronized.

Our people are complaining of the injury done to the public roads of the county by the saw mill wagons. At a recent meeting of the Board of Supervisors for Prince Edward, a license of $3 was placed on such vehicles. Scraping dirt to the middle of the road beds is a positive nuisance and ought to be prohibited by law. It simply means one prolonged and intensified mudhole.

There are so many premium babies in town that a baby show is in order, but woe to the rash mortals who consent to serve as judges.

An officer of a Confederate regiment during the closing days of the war, called on the late Col. R. A Booker, who was then in charge of the Randolph House, for the use of a horse and left a valuable gold watch as security for its return. The horse was never returned and a daughter of Col. Booker still wears the watch. Within the recent past a letter has been received at the Herald office from a citizen of South Carolina making inquiries of the watch. The silence stretching over a period of more than 40 years is more than remarkable. Speaking of war incidents reminds me that Gen. Lee, on the retreat to Appomattox, spent a night at the Randolph Home, and the night following Gen. Grant occupied the same apartments, and the story goes that Gen. Lee left his tooth brush and that Gen. Grant took possession of it History does not say that it was surrendered at Appomattox.

Work on the new Methodist church is now well under way. It will be the handsomest church building in Southside Virginia.

Sheriff Dickinson went to North Carolina to bring back another negro charged with the murder of Mr. Grubbs, but as he had violated the laws of our sister state, she proposes to deal with him first. If she leaves his neck Virginia will be satisfied.

Treasurer Ewing is at his country home and his friends fear he will never return to active work. No county ever had more faithful or more competent official. This is a subject of congratulation, and yet the judicious owning of money is no blot on the fair name of nation or of individual. Men who know when to borrow are the most useful citizens of the communities in which they live.

We have a spring within our corporate limits, the water from which is almost as good as that of our far-famed lithia.

Dr. White has not yet moved into the new store, but he is not restless as he is still "doing business at the old stand."

Some farmers are seriously saying that they will have to rent adjacent fields upon which to shock their corn crops. An experienced and successful farmer told us that warm nights are necessary to good crops and we have been having them of late.

The voters of Farmville and Hampden districts will be asked to decide whether or not there shall be an increase of the school levy. We have had no ice famine though we have no ice plant.

Rev. Mr. McDonald, of Bath county has been occupying the Presbyterian pulpit here for two Sundays most acceptably. Rev. Mr. Hatcher of the Methodist church has been with his people all summer. He does'nt seem to depend on a vacation.

Another Good Man Gone Wrong.

He neglected to take Foley's Kidney Cure at the first signs of kidney trouble, hoping it would wear away, and he was soon a victim of Bright's disease. There is danger in delay, but if Foley's Kidney Cure is taken at once the symptoms will disappear the kidneys will strengthen and you are soon sound and well. A. R. Bass of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys, and was cured by Foley's Kidney Cure.

How to Avoid Appendicitis

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Fruit Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and it is milk and pleasant to take. Refuse substitutes.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and unfits for ambition, beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the uring scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy, The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar size. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

The meeting at the Baptist church closed on Thursday night of last week and there were 13 conversions. A number of these were pupils of the High School. To say that the meeting was well attended would be a mistake, but what it lacked in numbers was in great part made up for by the zeal and enthusiasm of a faithful few, who attended regularly, prayed earnestly and we hope had those prayers answered by a great outpouring of the Holy Spirit.

Mr. R. H. Spencer had a fall last week and he has been in bed for some days.

Mrs. S. J. Fisher has several families from Richmond boarding at her Hotel and there are some eight or ten children, who are a nice lot of well-trained young folks and they have received many little attentions which go to make life pleasant.

Misses Maggie Tucker and Maggie Mumford, of Richmond, are spending several weeks at Afton and Mrs. Critchlow, of Nashville, Tenn., who was Miss Susie Perkins before her marriage, is also a guest at "Afton."

Miss Mary McCue is spending this week with Mrs. H. T. Antrim and will return to Chicago to take charge of the school work there the coming session.

Farmers had begun to harvest their crops of millet, sorghum and peas last Friday, when we had one clear day, but it rained in the afternoon of that day.

Miss Fannie S. Hall and Miss Roy Rodgers have had a nice visit to Richmond.

Miss Horseley, a daughter of Judge John D Horsley, of Lynchburg, has been visiting in Buckingham.

Mr. Charles Ellis left for a trip to New York on the 24th and will go from there to resume business in Columbia, S. C., after spending six vacation at his old home.

Three sons of Mr. Abner Seay have gone to camp at Pine Beach adjoining the Jamestown Exposition grounds and are building a house of their own, which is a three story house having 19 rooms on a floor and they have leased it for the coming year at $100 per month. This shows how Buckingham boys can succeed even in Virginia.

Mr. C. D. Agee has been working on a new bridge near here. If we could get as much spent on the bridges in the county as the Virginia and Scottsville bridges cost the county, we could have good iron bridges.

The Board of Supervisors will fix the levy for the coming year at their regular meeting in September.

Messrs. W. E. McCraw, Thomas McCraw, and Joseph Spencer are the jurors summoned from Buckingham to the fall term of the U. S. Circuit Court at Lynchburg.

I am not a subscription agent for this paper, but I want to remind some of our readers that newspaper men often need what should be coming to them and I have come across the following which is a kind of parady.

"Lives of poor men oft remind us
Honest toil don't stand a chance;
More we work we leave behind us
Bigger is the check on our pants

On our pants once new and glossy
Now are patches of different hue;
All because subscribers linger
And wont pay what is due.

Then let all be up and doing.
Send in your mite be it so small;
Or when the snows of winter shall come
We shall have no pants at all."

Still rainy.

We need a phone line from here to Appomattox, and hope the people will soon become interested and put the line into operation.

Mr. Taylor, the R. F. D. Inspector was with Mr. Alex Wingfield last Friday inspecting his route.

Each correspondent of this paper should accord a vote of thanks to the author of that poetical jem in the last number of this paper, "And I Will Give You Rest." Ah, yes we have read in the Book of truth where He said "Come Ye that are heavy laden and I will give you rest."

Mr. Jim Coghill has returned to Roanoke after a weeks visit here.

Spring Mills.

We hope to be allowed a little space in your newsy paper this week, for it seems that no items from this section have appeared for some time, probably because we have been too busy to take note of passing events. Our interest in your paper is none the less if it does appear so.

Our crops are looking fine, the corn is a thing of beauty and the farmers are more hopeful of their welfare in the future.

The Sabbath School near here at Falling River, is a very interesting one indeed.

Owing to the busy season our A. S. of E. has been very quiet, but it will flourish again when our people find time to attend our meetings.

Cumberland Items

This ancient business centre is taking on new life as the days go by.

The new depot is receiving finishing touches and will be a public convenience and comfort.

The new drug store is doing good business and so is the new bank.

Red Rose Inn is growing in popularity and has become a summer resort of first rank. The table is better than that of a large majority of them. When the bell rings everybody rushes and everybody is always hungry, and there is no vexatious delay in being served. Those splendid Southside Virginia dishes are in easy reach of you, except when you are too old as I was on my last visit, with a seat at the "foot" of the table, but even then some fleet-footed waiter is constantly handing you something or says something good. Few people know "how to keep hotel" but some people do and those few are public benefactors, especially in these days when the world is on wheels and most everybody is living somewhere other than at home.

The Cumberland Manufacturing plant is opening for business and promises well. They propose to furnish all classes of building material, and no doubt, in the future engage extensively in other branches of wood-work. With the Flippin Bros. & Sanderson at the head of venture and Mr. Dan'l. Stuart in personal command of the forces there can be no such word as fail. Mr. Stuart has been one of the most successful farmers of the county, and in my opinion a successful farmer, especially one who can grow tobacco profitably can accomplish anything possible for man to attain to. Mr. Stuart was devoted to farming too, and nothing but the education of his children has driven him from it. His family will join him in the village in the early fall. The Addleman brothers have bought his farm and they too are good farm rs.

Hon. Joel Bickford is running the sealey at 220, but says a "couple" man ought not to weigh over 200. His test has "fell" however, and he presents commanding appearance I suppose he is willing to go to the legislature for another session, but after that nothing but Congress will satisfy him.

"Charly" Diggs is still delighted with the "route" and has not encountered a thunder storm during the season.

Long Creek.

The big rains of the last two weeks have damaged tobacco very much.

Several from this neighborhood attended the Association at Midway this week. Owing to the rainy weather small crowds were in attendance.

Miss Callie Hunter is visiting Mrs. J. B. Marshall, of Hixburg this week.

Mr. and Mrs. F. T. Hudnall, of Roanoke, are visiting relatives here.

Rev. C. H. Fielding and wife be guests of Mr. and Mrs. J. J. Farrar Tuesday.

Misses Annie Bell and Ruth Turner, after a pleasant visit to Mr. W. D. Hunter, left for their home in Lynchburg Saturday.

Mrs. J. J. Farrar entertained her Sunday School class at her home last Monday. Those present were, Misses Mary Collins, Corine Tucker, Rainy Elder, Masters Frank and Joel Collin, Vem Tucker, Gordon Elder and Richie Hudnall and Misses Ruth Turner and Annie Bell, of Lynchburg deserve much credit for assisting in giving the little people a jolly, good time. Before leaving for their homes they, Superintendent, Mr. J. J. Farrar, gave them a treat of candy.

Our neighborhood will soon be deserted by the young people as nine of our young ladies are "school marms." Miss Sallie Hunter still holds the reins at Long Creek. She is very much liked by both patrons and scholars.

In spite of the rain, worms and scorchers, the corn crop looks very fine and then. Several have been caught this season.

Raising the Quarantine

Editor A. & B. TIMES:

The following letter from Dr. J. G. Fernebough, State Veterinarian, will be read with great interest by the citizens of Appomattox:

Blacksburg, Va., Aug 25, 1906.

Dear Sir:-

Yours to hand, and I was glad to hear from you. In reply to the same I will say that just now I think, I shall provided there are only a few farms infested with the cattle tick in the
